See Instructions on the back of this page (photocopy the instructions, on pg. 2, on the back of this page)

PROTOCOL #2
District 50 Lions
PRE-K ONLY
VISION SCREENING DATA SUMMARY
(Ages 2, 3, 4, 5)

SAMPLE

	Photoscreener/Autorefractor				
Age	Total Screened	Referred	UTT	Total Referred	% Referred
2	100	20	1	21	21%
3					
4					
5					
Total	100	20	1	21	21%

UTT counts as a referral

Photoscreener/Autorefractor Chart: (see sample above)

- **For "Total Screened" column:** Count the total amount of students screened in each age group. Record each age group's total in the appropriate age group category under the "Total Screened" column.

- Next add the total amount from all age groups recorded. Record the total for all age groups in the green box at the bottom of the "Total Screened" column.

- **For "Referred" column: Then** separate all forms by age group that have a PhotoScreener **Refer label** and enter total for each age group in the "Referred" column.

- **For "UTT" colulmn:** Count and record the **UTT** for each age group.
  Next add the total amount from the **"UTT"** in all age groups. Record the total for all age groups in the green box at the bottom of the **"UTT"** column.

- **For "Total Referred" column:** Add the total in "Referred" and **"UTT"** for each age group. Record the total for each age group in the "Total Referred" column.

- **For "% Referred" column":** To calculate the percent for each "% Total Referral" boxes, divide the "Total Referred" number by the "Total Screened". Repeat this process for the "Total" section in green.
